Education

University of North Carolina at Charlotte
Bachelor of Science in Mechanical Engineering

Charlotte, NC
Aug. 2024 - Present

Julius L. Chambers High School
NC

Charlotte,
Graduated June 2024

Experience

The ROC Charlotte (Volunteer)
Assistant Carpenter

Charlotte, NC
Aug. 2023 – June 2024

- Assisted in making a floor plan.
- Learned construction safety.
- OSHA 10 Certified.
- Great teamwork.

Projects

2D and 3D Modeling (on Creo Parametric)
Lead Designer

University of North Carolina at Charlotte
Sept. 2025

- Made models with given specifications.

Car Project
Team Leader

University of North Carolina at Charlotte
Apr. 2025

- Made a prototype vehicle that can deliver five ball bearings and stop at a specific distance.
- The prototype vehicle we designed was the most cost-effective and the smallest among the other teams, and it perfectly stopped at the specified distance.

Beam Project
Assembler

University of North Carolina at Charlotte
Apr. 2025

- Assembled a 24-inch-long I-Beam that can withstand the specified load.
- The I-Beam our team made was able to withstand much more than the specified load and was also able to withstand the specified load in the H-Beam orientation.

Electrical Project (Solo)
Circuit Designer

University of North Carolina at Charlotte
Apr. 2025

- A breadboard and a few resistors were given to make a circuit with 5 nodes, where each node must show the voltages specified by the professor.
- Each node successfully produced the voltages specified.

Skills & Interests

Club/Extracurricular Activities:
Charlotte

University of North Carolina at

- Member of Society of Asian Scientists and Engineers (SASE)

Sept. 2025 - Present

Technical Skills:

- Proficiency in Microsoft Word, Excel, and PowerPoint
- Certified in Creo Parametric

Language: Vietnamese and English (Native Level)
